None

**GP23/004     To receive the report of the County Councillors**

**County Councillor Mrs J. Hood**

Church Street

Councillor Mrs Hood advised the Committee that she would be visiting Church Street with Officers from the Highways Department on 23 May 2022 to look at whether double yellow lines could be extended at the top section (by the apartments). This follows residents' concerns that vehicles were being parked on both sides of the street, restricting and making access difficult (especially to emergency services).

Recycling Facility

Councillor Mrs Hood informed the Committee that Stone Traders were unhappy that the Stone Recycling Centre was turning them away when, due to the open borders policy, other users from the wider surrounding areas were successfully able to deposit their waste items at the facility.

### Potholes

Councillor Mrs Hood informed the Committee that the Highways Department were doing a good job in filling potholes but were still working through them.

She asked that Councillors encourage residents to report their Highways issues/faults through the online 'Report It' system, and if they are not online, Councillors could easily undertake the task on their behalf.

Councillor Mrs Hood read an email from the Highways Department explaining the current position on outstanding repairs to Walton Roundabout. Officers are aware of its poor condition and have included it on the Forward Structural Maintenance Programme along with the two roundabouts at the junction with Newcastle Road and Whitebridge Lane. Walton roundabout has been identified as a high priority along with other locations but there is no specific funding for it in the 2022-23 programme. There is however £3.2m identified for structural maintenance in the County which will be spent on a decision led basis by Cabinet members.

Councillor Mrs Hood reassured Councillors that she will continue to pursue the matter but there are too few resources, and the job will be expensive with four roads needing to be closed and not just the one.

Councillor Mrs Hood said she will also be looking at the installation of yellow lines on Whitebridge Road and a couple of other areas.

### **County Councillor I. Parry**

Councillor Parry was not in attendance at the meeting.

Councillor Green requested to know the date when County Councillor Parry last attended a meeting of the Town Council.

### **GP23/005      To receive the report of Borough Councillors**

Councillor Fordham advised the Committee that Councillor Philip Leason had been installed as Mayor of Stafford Borough at the weekend which was a lovely occasion. A good Council meeting was followed by an excellent procession, an interesting multi faith service and most impressive march past. He said the day had reflected well on Philip and on the town.

Councillor Fordham and Committee Members wished Councillor Leason well for the next year.

The Chairman invited Councillor Leason to address the Committee.

Councillor Leason thanked Councillor Fordham for his report.

Councillor Leason advised the Committee that he would be inviting Councillors, Town Council staff and their partners to a reception in the Mayor's Parlour on the 23 June 2022 at 7:00pm. The details will be circulated shortly.

The Chairman invited Councillor Mrs Hood to address the Committee.

**Stone Area Parish Liaison Group**

At the next meeting in July, the Liaison Group is hoping that a representative from the Safer Roads Partnership will be in attendance to give a presentation on Community Speed Watch.

**Stone ATC**

Councillor Davies advised the Committee that a very good meeting had taken place on 3 May 2022 with the Civilian Welfare Committee, consisting mainly of parents of existing cadets, who were doing an enthusiastic and competent job.

\* Items marked with an asterisk refer to reports or papers circulated with the agenda or distributed at the meeting. They are attached as an appendix to the signed copy of the Council minutes.

#### **Stafford & Stone Access Group**

Councillor Kelt advised the Committee that a meeting had taken place on 20 April and most of the discussion had been on how to spend the money that was going to Stafford and whether access details could be included in the way the town was developed. There was some discussion on the survey with regards to access at Stone Station Platform (which was currently underway).

#### **Stone Common Plot Trustees**

Councillor Mrs Hood advised the Committee that the Stone Common Plot AGM had taken place on 27 April 2022 and a number of people had attended.

A number of new trustees were appointed to the board, and it was good to hear that only one farmer had brought his cattle to the Plot, cutting down the risk of tuberculosis. The only downside reported was that the footfall had increased to an enormous number of people during the pandemic, which didn't seem to be waning.

Councillor Green pointed out that there are access issues for disabled people when holding an AMG in the Council Chamber and suggested that this be considered in future years.

#### **Stone Community Hub Liaison Group**

Councillor Mrs Hood advised the Committee that no meeting had been held.

#### **SPCA Executive Committee**

The Chairman advised the Sub-Committee that a meeting had been held today about the Commonwealth Games Baton Relay which it had been confirmed will be coming to Stone on 19 July, beginning at 3:00pm (but the time could be up to half an hour earlier or one hour later):

The baton will be brought down the A34 onto the Fillybrooks, turning off at Walton Roundabout towards the Canoe Club where the entourage will rest and the baton carrier, who hasn't been confirmed, will paddle a canoe to the steps (before getting out again). They will then head up Crown Street, round on to Newcastle Street and down the High Street.

- Christmas Lights Switch-On  
The Chairman advised the Sub-Committee that the Christmas Lights Switch-On would be held on 17 November 2022. Planning had not commenced yet but Christmas Lights Plus had the date in their diary.

A 'wash up' meeting for last year's event is still needing to be arranged.

#### **TTP23/006 Hanging Baskets**

The Chairman advised the Sub Committee that the hanging baskets were out in the town (with the exception of the railing boxes) but the displays needed to be distributed more evenly around the public areas.

The Chairman invited the Working Groups to address the Sub-Committee:

One of the next tasks of the Working Group included visiting the properties identified to make judgement about whether they were suitable to receive a plaque.

##### **Promotion of Stone Working Group**

Some members of the Sub-Committee expressed the view that the Promotion of Stone Working Group was no longer needed post Covid-19 and it was agreed that the item be listed on the next agenda for consideration of its closure.

### **ENV23/004 Minutes of Previous Meeting**

- a) The minutes of the Environment Sub-Committee meeting held on the 15 March 2022 (Minute Numbers ENV22/031 – ENV22/038), were approved as a correct record.

### **ENV23/005 Covid-19 Commemoration**

The Chairman advised the Sub-Committee that as a new chairman he was getting up to speed with issues affecting the Sub-committee and understood that Councillor Mrs Hood and Councillor Leason had met on site to discuss the location of the commemoration area.

The Chairman invited an update from Councillor Mrs Hood who confirmed that the Grounds Maintenance contractor had agreed with the location of the tree planting and that he envisaged creating a horseshoe shape. The variety of tree was to be revisited due to an issue with the height of the variety chosen originally, and consideration given to the flooding that often occurs in the area chosen in the winter.

The Chairman said that planting of the Covid-19 Commemoration was scheduled from September to November 2022 as this is the best time.

The Sub-Committee believed that a plaque would be installed as part of the commemoration, but the Town Clerk would check this point in the records.

**ENV23/006 Crown Meadow Improvements**

The Sub-Committee noted the update on the work being undertaken by the Council's Grounds Maintenance Contractor.

The Chairman confirmed that all seemed to be in order.

The Chairman advised the Sub-Committee that he would in future be involved in the regular update meetings held between the Deputy Town Clerk and the Grounds Maintenance Contractor.

**ENV23/007 Environmental Issues Checklist**

The Chairman suggested that the Environmental Issues Working Group should prepare a policy checklist to support committees and sub-committees when they are considering environmental issues and ensuring compliance with Council Policy.

The checklist could also be used by the Town Council when commissioning services and in ascertaining a supplier's environmental credentials.

The Sub-Committee suggested a form of checklist had been produced when the Environment policy document was taken forward and that this could be used as a starting point.

RESOLVED: That the Environmental Issues Working Group prepares an Environment Policy Checklist to support the work of the Town Council's Committees and Sub-Committees.

**ENV23/008 Environmental Issues Working Group**

- a) The Sub-Committee noted the resignation of co-opted Environmental Issues Working Group member, Tracy Lindop. The Chairman asked that the Sub-Committee's appreciation of her valuable contribution to the Working Group over the past two years be put on record and wished her well for the future.
- b) The Chairman asked the Sub-Committee to consider a proposal that all Environment Sub-Committee members become members of the Environmental Issues Working Group to eliminate past difficulties in bringing some of the issues to a conclusion and to be able to tackle new and complex issues with focus in the future.

The Chairman said he believed the Working Group should have specific

and defined rather than broad brush tasks which could be dealt with by circulation of information, communication by email and conversations, rather than just meetings.

The Sub-Committee suggested it was not always possible for people with limited financial resources to put the environment first as they had difficult choices to make and couldn't always afford the most environmentally friendly option.

RESOLVED: That all Environmental Sub-Committee Members become members of the Environmental Issues Working Group.

#### **ENV23/009   Updates**

- a) The Chairman invited the Town Clerk to provide an update on Energy audits at the Frank Jordan Community Centre and the Stone Station Community Centre.

The Town Clerk advised the Sub-Committee that the contract had been awarded some time ago, but the work hadn't yet been undertaken. After chasing the company, he had been told that the work would be done by next week.

- b) The Chairman invited the Town Clerk to provide an update on recycling and single use plastics audit at the Town Council office.

The Town Clerk advised on the following:

- Plastic pens and pencils – are difficult to replace as there is a limited range of non-plastic items. Whilst the item was difficult to deliver on, no new plastic pens had been purchased.
- Water cups in the office – eco cups have been purchased for the hot drinks machine and old stocks of plastic drinking cups were being used up. The eco cups are the only recyclable cups available and although not recycled by all authorities, had not been tested with Stafford Borough Council.
- Water bottles – three of the four water coolers had been eliminated leaving just the unit in the Town Council office which will stay until the contract ends.
- Ink Cartridges – no alternative was available at present. The Town Council is in the process of replacing the photocopier with a smaller refurbished/recycled model and there is a recycling program for ink cartridges.
- IT and telephony equipment – These have recently been replaced, but are not single use. The old equipment has not yet been disposed of.

**ENV23/010 Reports of Working Groups**

The Chairman invited Councillor Kelt to address the Sub-Committee.

Environmental Issues Working Group

Councillor Kelt reminded the Sub-Committee that he had approached the Stone & Eccleshall Gazette about the publication of an environmental article for the purpose of promoting the topic of the environment, gauging the level of interest from the people of Stone and possibly facilitating the setting up of town groups.

An accompanying paper\* and draft article\* (produced by Councillor Kelt) had been attached to the agenda for the meeting.

Councillor Kelt proposed (after receiving approval from the Environmental Issues Working Group) that the Sub-Committee recommend the article for approval by the General Purposes Committee.

Councillor Argyle expressed his strong view that a number of points needed further discussion and proposed an amendment that additional work be undertaken before submission to the General Purposes Committee. The amendment was not supported.

The Sub-Committee congratulated Councillor Kelt on his informative document which was intended to be advisory and general in nature with the opportunity to add detail as further articles are produced.

RECOMMENDED: That the Environmental article is recommended to the General Purposes Committee for publication in the Stone & Eccleshall Gazette.

The Town Clerk reported that during the Mayoral year (which had been partly curtailed by the pandemic), a sum of £1,316.00 had been raised, to be allocated between the Town Mayor’s chosen charities which during 2021-22 were Stone Community Hub and Chuckle Productions.

The Town Mayor confirmed that he would like the monies raised to be apportioned equally between the two charities.

RESOLVED: That the total sum collected on behalf of the Mayor’s Charities for the year 2021-22 be apportioned equally between Stone Community Hub and Chuckle Productions.

**MC23/005    Mayor 2022-23 – To confirm the charities for the year.**

The Chairman, Councillor J. Powell, proposed that the Mayor’s chosen charities for the year 2022-23 should again be:

- Chuckle Productions
- Stone Community Hub

RESOLVED: To support the Mayor's choice of proposed charities.

**Town Mayor**

### **Introduction**

1. In order to operate the town markets, the Council employs a contractor to erect, remove and store its marquees. With the exception of some minor changes to the minimum charge, and despite a change of contractor a few years ago, charges to the Council for this service have remained unchanged for at least ten years.
2. The Council's contractor has recently requested an increase from £25<sup>1</sup> per marquee per market to £30 per marquee, but is prepared to reduce the minimum charge per market day from £50 to £40 to partly offset this. There is no proposed change in the £5 cost for the use of a table.
3. This report considers the Council response to the proposed change.

### **Analysis**

4. In respect of the requested increase, I recommend that the Council accept the proposal from the contractor. The prices have remained unchanged for a significant period of time, and the increases now being proposed look reasonable in that context. They have not, however, been budgeted for, so the Council needs to consider how it will deal with the financial impact of these increases.
5. During the last financial year, the total cost paid to the contractor for this service, including the provision of tables, was £9,600. Against this, income of around £12,000 was received from traders for the hire of tables and marquees. This leaves an annual operating surplus of just £2,400. Even when added to the income from market traders that do not use marquees of around £2,700 in the last financial year, this falls well short of covering the ongoing costs for the purchase and maintenance of marquees and the administration involved in organising the markets.
6. Once the proposed increase is applied, and assuming future trading levels continue broadly at their current levels, the annual operating surplus would reduce from £2,400 to just £500.

### **Proposals**

7. There are three options open to the Council to deal with this issue:

---

<sup>1</sup> All prices in this report exclude VAT. No VAT is charged on market stall rentals.

- a. Do nothing, and cover the additional cost by approving a supplementary estimate from reserves.
  - b. Stop the provision of marquees, and only rent pitches to traders with their own facilities.
  - c. Increase the income received from market rentals to cover the cost of the contractor's increase.
8. These options are considered below.
9. **Supplementary estimate from reserves:** This is not recommended. Reserves are currently forecast to be at a particularly low level over the next few years due to the development of the Stone Heritage Centre, so any unnecessary use of reserves should be avoided, if possible.
10. **Stop the provision of marquees:** This is also not recommended. It is potentially the most financially beneficial to the Council, as income from the charge to the trader is virtually all used to pay for the marquee, leaving only a minimal amount that falls well short of covering the Council's other costs. Most of the Council's current traders, however, rely on the availability of a marquee and non-provision could result in a further reduction in trader numbers.
11. **Increase market rentals:** This is the recommended option. Generally, market rents are increased annually from 1<sup>st</sup> April as agreed in the Council's budget. This has been 3% per annum in recent years. The last full price review was undertaken by this Committee in November 2018, when the price for a stall with a marquee was reduced significantly from £42.60 to £30.60, with a 50% surcharge introduced on the new, reduced price for stalls on the same day as the Farmers' Market.
12. It is suggested that the Council should implement a mid-year price increase from 1<sup>st</sup> July 2022. The increased prices set out below would reinstate the operating surplus to around its current level, assuming that the number of stalls remains broadly the same:

	Current Charge	Proposed Charge
Stall with Marquee	£33.50	£39.00
Stall with Marquee – Farmers' Market Day	£50.50	£56.00

13. No change is recommended to charges for stalls without marquees.
14. In order to consider this in the context of charges made by other markets in the area, the prices at a number of local markets for similar, 4.5m x 3m stalls were investigated.
15. At Penkridge Market, pitches are charged at £3 per foot with no marquee provided. For a pitch the equivalent size of Stone's the charge to the trader would therefore be around £45 and they would also need to provide their own marquee. Lichfield Market outdoor stalls start at £19.70 for a pitch, again with no marquee, with higher prices at weekends. Stafford

Borough's Farmers' Market charges £88.60 for a full marquee with tables. The least expensive market locally appears to be in Leek, with a charge of £20 for a regular attendee at a weekday market including a 3m x 3m marquee.

### **Conclusions**

16. This report has considered the price increase requested by the Council's marquee contractor and the actions that the Council should take into consideration as a result.
17. The Committee is asked to consider the options in this document and determine how it wishes to proceed.

### **Recommendations**

18. The Committee is recommended to:
  - a. Agree to the request for increased prices received for the Council's marquee contractor.
  - b. Increase charges to market stall traders with effect from 1<sup>st</sup> July 2022, as set out in the report.
